## Education

**Bachelor of Technology (Metallurgical and Materials Engineering)**  
National Institute of Technology, Karnataka  
July 2018 - May 2022

## Technical Skills

Node.js MongoDB  
RESTful APIs JavaScript  
CSS3 HTML5 DSA

## Soft Skills

Teamwork Adaptability  
Time Management

## Certifications

**Data Structures and Algorithms (Self-Paced)**   
Geeks for Geeks

# Rajasekhar Korada

## Full Stack Web Developer

## Professional Summary

Innovative Full Stack Web Developer with expertise in the MERN stack and proven ability to develop efficient server-side APIs using Node.js and Express.js. Demonstrates strong problem-solving and collaboration skills. Capable of leveraging Generative AI and learning new technologies quickly to enhance development processes.

## Projects

**RS Codes - Code Collab** [Live Demo Link](#) [Github Repo Link](#)

HTML5 CSS3 Git Node.js Express.js  
MongoDB RESTful APIs JavaScript GitHub

- Developed front-end features using HTML, CSS, and JavaScript to allow users to write code and create UI.
- Implemented backend features using Node.js and Express.js for server-side processing and API integration.
- Designed and managed MongoDB database for storing user profiles and activity.
- Created authentication and user management systems alongside personalized user experiences.

**Alcazar Travel Website** [Live Demo Link](#) [Github Repo Link](#)

JavaScript HTML5 Responsive Web Design  
CSS3 GitHub Git RESTful APIs

- Led the development of dynamic functionality using JavaScript to enhance user responsiveness.
- Designed backend features for admin panel to execute CRUD operations on bookings and travel information using RESTful APIs.
- Implemented user registration, secure payment processing, and user reviews/ratings to enhance user experience.
- Utilized HTML and CSS to design the front-end structure and collaborated with a team of 4 members using GitHub for version control.
